EDUCATION

Master of Research in Big Data Analytics & Smart Systems (**First Rank**) 2017 - Present

Faculty of Science Dhar El Mehraz, Fes

B.Sc. in Mathematics and Computer Science 2012 - 2017

Faculty of Science Dhar El Mehraz, Fes

High School Diploma in Mathematical Sciences -A- June - 2012

High School Ibn Khaldoun, Fes

INTERNSHIP AND PROJECTS

Internship (**LIMS Laboratory**) May - 2019

A fusion of statistical features and Convolutional neural networks for texture discrimination

Implementation of a Hand gesture control System using Arduino December - 2019

Process modelling and organizational information systems of June - 2018

CFQMA-BATHA Fes

Modelling and Loading data to a data warehouse for sales service November - 2018

Developing a ransomware that encrypts files, decrypts them back June - 2017

Bachelor End Project May - 2016

Developing a web application for theme tours of the old Medina of Fes

KAGGLE COMPETITIONS

Elo Merchant Category Recommendation (**Top 8%**) November - 2018

Develop algorithms to Help understand customer loyalty

RSNA Pneumonia Detection Challenge (**Top 16%**) September - 2018

PROFESSIONAL SKILLS

- Data Mining
- Machine Learning
- Computer vision
- Business Intelligence
- Big Data
- Networking
- Internet of Things
- Web Development
- Geographic Information System

TECHNICAL SKILLS

Programming Languages

- Python
- R
- MATLAB
- Java/JEE
- C/C++
- SQL/PLSQL
- Php5

Data Science libraries

- Numpy
- Scipy
- Pandas
- Sklearn
- Nltk
- Keras
- Pytorch

Big Data

- Hadoop
- MapReduce
- Spark
- MongoDB
- Parallel Processing

LANGUAGES

- Arabic / English / French

HOBBIES

- Swimming / Traveling
